EXPERIENCE

Web Developer Intern

Baithak Guru

📅 04/2019 - 08/2019   📍 Andheri, Mumbai

I was responsible to **manage, design and develop** the official website of the company. As it was a startup so the team was too small so I also **helped developing** their products and services as well as **helped** in Digital Marketing.

- **Increased web traffic** by **12%** with all new modern design.
- **Outlined and presented** specifications for all web-based requirements
- **Contributed** to the development of web application of the Company.
- **Assisted in debugging** over 50+ bugs, to accelerate testing and development of an essential web-based product
- **Created web content** for company's website.

Cyber Security Intern

TeleNetworks Pvt. Ltd. Vashi

📅 11/2019 - 12/2019   📍 Vashi, Navi Mumbai

It was a type of **Educational Internship**. That means the company helped us **understand** the basics of how Cyber Security company works and how to use the tools. They taught basics of the tools used. **Worked on** some hands on projects in the test environment.

- **Implemented** a vulnerability management program.
- **Completed** 150 hours of Internship
- **Learned** about different types of vulnerabilities and how to identify and resolve them.
